

Sunday 11/11/18 Notes
The Expectations we should have after the change has come

The Expectations we should have after the change has come..

Isaiah 42: 9

God's divine purpose is that God has heard the cry of His people

A Change is always a new thing

Change is also coming to me

God would not change the church and not change me because I am the church

Change is unavoidable, inevitable and inescapable

My mentality regarding change ... must change

Christians are change resistant

Change is good

The word CHANGE in the bible always means something came to pass

Change, means to renew

Change also means to come anew

GOAL...to set my expectation for what is to come

I will be taught to know:

1. When change is of God....
2. Why change comes
3. What to do when change comes
4. What to expect from God when change comes
5. what God expects from me when change comes
6. How to think correctly in the midst of change

How to know when change is from God

All change is not from God

Some changes are a result of missing God's instructions or His will

Some changes are a result of moving out of position

I can move out of position physically and I can also move out of position in my heart

Anxiety can get you out of position

God causes change

When change comes because of our own choices it is not Godly change

Change comes from God when a dispensation has been fulfilled

A dispensation has been fulfilled when everything has been accomplished that was intended in that span of time

I will know when a dispensation has been fulfilled when I have faithfully and fully obeyed the instructions of God

WHEN CHANGE IS FROM GOD

1. I can expect God to do a new thing
Don't resist what a new thing that God is doing

When change is from God:

- a. I cannot live in the past
I can't penalize a new thing by a former
Former things are things that are previously fulfilled
I can respect the past, but I can't dwell in it
 - b. We cannot consider the old way
Comparison breeds Contentment
 - c. I must expect new instructions
New instructions keep me new and fresh
When I resist the new instructions from God I, also resisting God's ability to renew me
2. I can expect God to be with me
When Godly change comes God doesn't leave
God is not an experience in my past he is an ever present help
 - a. I can expect God to direct me
 - b. I can expect God will protect me
 - c. God will keep his promise

God changes things so that the promise can be kept

3. I can expect God to be glorified
Every change in my life should cause God to get more glory
When God changes me, it is so that His glory won't go to another
When change comes from God...
- a. I am a light to the world and people will see that my God is God

When change comes from God those who are blinded can see and those who are bound are set free
