

What God Expects From Me When Change Comes

Isaiah 42: 6-9

We cannot have change without having new things

I must be determined to restore the breaches in my life and in the life of my family

I must be determined to restore a generation and establish a church

God will have me see some things that have been a problem for a long time

When God causes change, He expects me to accept the New Work

The New Work for me is to address the current distress

I am a wall builder

When change comes God expects me to do the work, not just see it

God expects me to strengthen my own hands

Strengthen their hands means ...

- TO PRESS
- TO BE URGENT
- TO BE RESOLVED AND BE RESOLUTE

When you have a resolve and resolute, I don't need reminders

When I am resolved there are no more excuses

When I am not resolved everything is an excuse

God expects me to repair my breaches

I cannot be distracted by opposition

Opposition is never going away

The spirit of Opposition

1. To ask questions
2. The spirit of opposition is divisive ... to pit one against the other

Opposition cannot stop the work unless I stop

The key to not being distracted by opposition.... DON'T EXPLAIN JUST DO

Opposition wants me to stop and explain

Never negotiate with someone you are in charge of

Acts 2

When change comes God expects us to work together

We all have the same work

We have one work

RESTORE THIS GENERATION THAT IS MY ONLY WORK AND THE ESSENTIAL WORK

I struggle with change when I have fallen in love with the task and not the assignment
